Chamber helps local youth

Darian Morris

Navy Petty Officer 3rd Class Darian M. Morris, son of Shirley Morris of Belle Glade received a surprise gift while home on leave recently.

The Belle Glade Chamber of Commerce helped pay Officer Morris' expenses to return to his unit on the aircraft carrier USS Ranger in San Diego.

Chamber Executive Director Sue Teets said funds were raised during Desert Storm through sales of bumper stickers and the board agreed to use the funds raised to help a local serviceman.

Mr. Morris is the grandson of Maude Vereen. He is a 1989 graduate of Glades Central Community High School and joined the Navy in July of 1989.

### Volleyball Tourney set for Jubilee '92

Black Gold Jubilee will hold its 4th annual volleyball tournament at the Belle Glade Marina the weekend of April 3, 4 & 5. The popular event, sponsored by Sugar Cane Growers Cooperative of Florida, will have three division this year- Power (14 years and older), Senior (all team members 30 years and older), and 3-person.

Co-ed rules will be in effect for the Senior and Power Divisions. Deadline for entry is March 31 when each division has been filled, whichever is earlier. No application for entry will be accepted without the entry fee. Application forms can be picked up at the Belle Glade Chamber of Commerce or Palm Beach Community College/Glades. For further information, call Barbara Scruggs at 996-3055 or 813-983-9290.

### Man charged in hit and run

A Belle Glade man has been charged with leaving the scene of an accident with injuries after he allegedly struck another auto March 1.

The accident occurred at N.W. 2nd St. and West Avenue A at about 7 p.m. Patrolman Patrice Matchett responded to the call and found Pablo Espinoza, age 25 of 224 N.W. Ave. D, Apartment 4 Belle Glade, had been injured in the accident. The other driver, later identified as Samuel Gonzalez, age 28 of 1200 N.W. Ave. P, Belle Glade, had allegedly fled the scene. After an area search he was found by Sgt. Normand Hevey. He was charged with D.U.I., leaving the scene, (a felony under Florida law) and driving with a revoked license. Bond was set at \$3,000.

## Residents urged to attend SWIM meeting March 12

By Margaret Barletto and Brenda Bunting

A grassroots effort is being formed in Belle Glade, Paehokee and Clewiston to protest a proposed plan that may cost the area thousands of jobs.

"Without agriculture, we won't have anything here," said George Cooper, owner of Glade and Grove Supply in Belle Glade.

"Clewiston, Belle Glade and Paehokee will just be quaint names for fish camps. We don't want to be just a fish camp."

Mr. Cooper leads the South Florida Economic Preservation Council, a group recently formed to oppose the Everglades restoration efforts resulting from state legislation and a settlement between the State of Florida and the Federal government to protect

the Everglades.

"We're not farmers," he said. "We are suppliers of farm equipment and employees of those merchants who depend on agriculture for a living. I have 57 employees who will not have an income if farming is put out of business here."

The South Florida Water Management District is set to approve the final Everglades SWIM (Surface Water Improvement and Management) Plan on Thursday, March 12. The plan will impose water quality restrictions on farmers in the Everglades Agricultural Area that could cause the closing of at least two miles and the flooding of 58 square miles of valuable farm land.

According to SFWMD proposals, the farmers will be required to make water runoff from farm land cleaner than

the rain that falls on that land. In the wake of what many local residents and farmers see as impending disaster, the South Bay Commission and Clewiston Chamber of Commerce have adopted resolutions opposing the proposed restoration.

"CLOSE OR BE CLOSED" is the warning boldly stamped atop an announcement of the Clewiston resolution. "All business owners and residents are urged to come by the Chamber and sign our resolution," the document urges.

"If you do not let your voice be heard, the agricultural industry will be regulated out of business," it declares. "There will be a Glades area meeting, Monday, March 9 at Belle Glade City Hall at 5:30 p.m. The

## Nall offers alternative plan to clean up water in EAA

By Bill Phillips

Staff reporter

Local farmers are fed up with the state and its 3 to 6 hundred million dollar clean-up plan. In a meeting last Friday of the Everglades Agricultural Area Environmental Protection District (EAAEPD), Bob Baker, vice president of corporate affairs of United States Sugar Corporation said, "Don't tell us how to grow sugar cane and we won't tell you how to grow grass!"

The comment was made after the board listened to an alternate plan submitted by Kent Loftin of the Searcy Corporation, an engineering firm.

Mr. Loftin, assisted by various charts and grafts, gave one of the most comprehensive engineering studies presented to date, according to James Nall, board member of the South Florida Water Management District (SFWMD). "Nobody speaks for the taxpayers," said Mr. Nall.

Mr. Nall outlined problems with the Everglades SWIM Plan settlement.

Mr. Nall said, "The agreement we have made behind closed doors, in secret and we have no idea of just how many different plans were looked at or if any others were considered at all."

The Everglades SWIM Plan does not solve high priority problems for the protection of the Everglades, and it places undue burden on urban and rural taxpayers," he explained.

Nall opposed the Everglades SWIM Plan Settlement as the sole disenter in a 6:1 vote, last July 26th. Since then, he has been explaining four problem areas leading to his

opposition as well as offering an alternative restoration plan.

"When I go back to the coast today I'll be like Diogenes hunting for another honest man," he concluded.

The idea presented to the board last Friday encompassed a simple idea. "When the plumbing is messed up you have to fix it," said Mr. Nall, "and that's what this plan is all about."

According to Mr. Loftin, this kind of diversion can remove up to 1/3 of the current levels of phosphorous from the water without affecting the necessary amount of water needed to support the Everglades.

The state argues that is not enough and actually wants the water purer than rain water, according to Mr. Baker of U.S. Sugar.

"Chances are that people will not read about this alternate plan in the newspapers or on television," said Mr. Baker. "They've already made up their minds and are going to print what they want."

This plan is also much less expensive, an estimated cost of 1 hundred million as opposed to the 3 to 6 hundred million being forced on the farmers by Tallahassee according to Mr. Nall.

What this will mean in the end, if the current plan is followed, is another blow to the Glades in loss of jobs and the loss of two sugar mills including flooded farmland where vegetables are grown.

The impact would run the loss of approximately 30,000 seasonal jobs including dependents would affect 70,000 people, according to Mr. Baker with U.S. Sugar.

## Immigration processing center planned in city

By Brenda Bunting

Editor

South Bay Commissioners voted Tuesday night to pursue an immigration processing center to be built in the city.

City Manager Lester Baird said the proposed site is on 4 1/4 acres the city owns near the wastewater treatment plant on N.W. 1st Avenue.

"This facility will be for people who have fled their country for economic or political reasons. This site will be used to detain them temporarily while their status is being determined," he said.

Commissioners agreed to enter into a contract with National Corrections Corporation (NCC) of Boynton Beach on behalf of the U.S. Immigration and Naturalization Service to look into the

possibility of getting the detention center.

The city expects the facility, which will house up to 1,000 illegal immigrants, to employ 300 people, many from South Bay.

Robert Turner, President for NCC, said there is no cost to the city to pursue the project.

"There is a desperate need of additional places for people to stay," he told the commission, "and this could be substantial revenue for the city."

He said similar facilities are in Houston, Texas, Laredo and the largest is the Krome Avenue Detention and Deportation Center in Miami.

"This is a very good project and it could be a major boost to our economy," said Mayor Clarence Anthony. "This is something we should pursue."

## McCrory's files for bankruptcy

By Bill Phillips

Staff reporter

McCrory Corporation announced that it and most of its direct and indirect subsidiaries have filed voluntary petitions for relief under Chapter 11 of the Bankruptcy Code. Included in the filing are McCrory's wholly-owned subsidiaries, J.J. Newberry Co., T.G. & Y Stores Co. and Mack Realty Company.

In the downtown Belle Glade Store, Store Manager Ed Price said it would be business as usual and anticipates no changes in the local operation.

The downtown Belle Glade Store, Store Manager Tom Wycoff expressed the same opinion. "With the reorganization; our shelves will be full again."

Subject to final Bankruptcy

Court approval, McCrory has arranged \$100 million of debtor-in-possession financing with The CIT Group/Business Credit, Inc. during the pendency of the chapter 11 cases.

Interim approval of \$40 million of this facility was obtained from the Bankruptcy Court Wednesday.

Paul Weiner, McCrory's Senior Vice President and Treasurer, said that "the financing will enable McCrory and its subsidiaries to fulfill all of our inventory requirements and should allow us to retain the full confidence of the vendor community during our reorganization."

Victor Russo, Vice President of The CIT Group, said, "We are pleased to have the

opportunity to extend this facility to McCrory and look forward to working with the Company during its restructuring.

Robert Spencer, Chief Executive of McCrory Stores Division, said that "by filing under Chapter 11, we will be able to continue to conduct business with our customers and suppliers in the ordinary course while we negotiate with our creditors. The accelerated course maturity of \$75 million of our outstanding bonds, the withholding by our vendors of normal credit terms and the difficult current retail environment have enhanced the desirability of seeking court protection in order to restructure our outstanding debt and to reduce the costs of unprofitable stores and to effect a geographic restructuring." Under the Bankruptcy Code, vendors who sell and deliver goods to McCrory and its subsidiaries during the pendency of the chapter 11 cases will be paid according to terms.

The Division will continue to operate its businesses under current management, with Mr. Spencer as its Chief Executive and two executive vice presidents, Kent Wise and Joe Bombara, to manage store operations and merchandise.

In its petition for Chapter 11 relief, McCrory stated that it had aggregate debts of approximately \$543 million and consolidated total assets of approximately \$672 million.

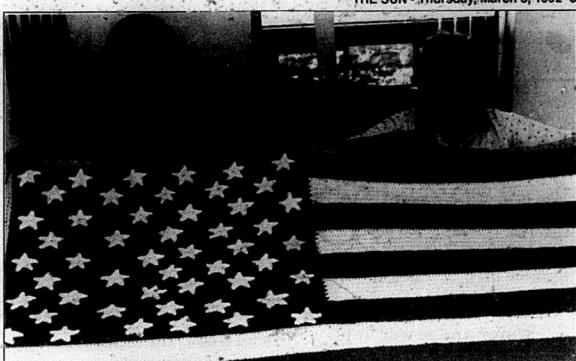

Mesulum Riklis, Chairman of the Board and Chief Executive Officer, said the Company intends to negotiate with its principal creditors complete reorganization as quickly as possible.

## Adopt a resident

The Glades Health Care Center is looking for help from the community to adopt a resident at the center.

The residents at the center love to play games or to have someone to read to them or to just go in their room and talk to them," said helper Tammy Gilbert. "It really makes their day to know that someone cares," she added.

To volunteer time or to see how you can help call Ms. Gilbert, Charlotte Hill or Donna Tsiskakis at 924-5561.

Her patriotic duty...Lou Sprinkle, left, described as a continuous volunteer, crocheted this pool size American flag afghan for the Glades Senior Citizen Center to help them raise money. Manager Eddie McNair, on right, said the afghan will be sold in a drawing May 27. McNair said the money will be used to re-cover the pool table. Ms. Sprinkle said it took her about a month to do the afghan. For ticket information call 996-4808

## Opposition grows to SWIM Plan

Continued from page 1

Governing Board of the South Florida Water Management District will have a workshop, March 11, 9 a.m. to noon to work on the SWIM Plan. All businesses must be there to protect their business in the Glades. Don't wait until it is too late and your business is out of business."

"We're all in hot water if this plan goes through," said South Bay Commissioner Iris Tanner. "The red carpet will no longer be out."

Commissioner Bazil Anderson said he plans to push hard against the proposed SWIM Plan. He will be out in the community this week distributing a list of elected officials to residents and urging them to write their legislators. "We can't let this happen," he said. "Not while there are alternative plans that are as good or better."

Mayor Clarence Anthony said the human impact should be considered along with the environmental impact. "I don't think they realize that a large number of Glades residents will be out of a job, especially the minorities. They can't understand how we feel out of business."

The group of Glades area citizens plan to travel to the SFWMD Board of Governors meetings to voice their disapproval of the proposed plan.

The group is made up of Clewiston Chamber of Commerce members, as well as the Chamber of Commerce groups in both Belle Glade and Pahokee Glades area vegetable farmers and other concerned merchants.

The town meeting planned on

Monday, March 9 at 5:30 p.m.

at Belle Glade City Hall will be

to organize the opposition

efforts. Mr. Cooper's group is

currently planning to use

charter buses to transport

concerned citizens to and from

the SFWMD meetings on Wednesday and Thursday. The buses will leave the Belle Glade Winn Dixie parking lot at 8 a.m. and will return after noon on both days. Mr. Cooper urges every citizen to attend the meetings and to sign up to be heard by the SFWMD Board of Governors.

Clewiston Chamber Executive Secretary Nancy Ehlinger said if enough Clewiston area residents expressed an interest, the Chamber would also provide charter bus to the meetings from the Clewiston area.

There are 49,000 people in the area from Clewiston around the lake to Pahokee," said Mr. Cooper. "All of them are dependent on agriculture for a living."

The adoption of the Everglades SWIM Plan affects each and every individual in the Glades area, he said. Current projections say that between 10,000 and 15,000 jobs will be lost, and many of our area farmers will be forced out of business.

"Why should you attend?" asks one circular being distributed. "Chairman of the South Florida Water Management District Governing Board, Allan Milledge, has said publicly that losing jobs to protect the Everglades is acceptable. Additionally, he recently accused U.S. Sugar of trying to scare Glades residents with predictions of lost jobs," is the circular's answer.

Mr. Milledge issued the statement on scaring Glades residents last week. It was reported in articles published on the Associated Press wire service. "In addition to accusing U.S. Sugar of trying to scare local residents, he said "What it does is stir up those people who have no ability to control the results. This kind of hysterical talk is just destructive."

Mr. Cooper, however, said he doesn't feel the talk is hysterical and he wants to have a say in how government operates.

"I think the message from the Chairman of the Board is bad," Mr. Cooper said. "We think we ought to have some say in the results."

## YOUR JOB IS AT RISK: HERE'S WHY?

The South Florida Water Management District Governing Board is scheduled to adopt the final Everglades SWIM plan and rule on Thursday, March 12, 1992. This plan will force many farmers out of business and will eliminate 10-15,000 jobs in the Glades area! A Board workshop is scheduled on the SWIM Plan for Wednesday, March 11, before the final vote is taken. This is the last public forum where concerned citizens will be able to voice their concerns regarding the economic consequences of implementing the proposed plan.

### HERE WHAT YOU CAN DO TO PROTECT YOUR JOB

The Belle Glades and Pahokee Chambers of Commerce, Glades area vegetable farmers, and other Glades area merchants have scheduled a town meeting at the Belle Glade City Hall on Monday, March 9, 5:30-6:30 P.M. to discuss what each of us can do. We are planning a public rally at the District Board meetings to voice our concerns. Please plan to attend the meetings on Wednesday, March 11, and Thursday, March 12.

### WHY SHOULD YOU ATTEND?

Chairman of the South Florida Water Management District Governing Board, Allan Milledge, has said publicly that losing jobs to protect the Everglades is acceptable. Additionally, he recently accused U.S. Sugar of trying to scare Glades residents with predictions of lost jobs. "What it does is stir up those people who have no ability to control the results," he said.

To protect our future, we're going to prove that we DO have a voice and we CAN make a difference!!!

### IF YOU ARE INTERESTED IN THE FUTURE OF THE GLADES AREA, YOU MUST BE PRESENT!!!!

For those needing transportation to attend the Wednesday workshop and Thursday Water Management Board meeting, charter buses will be departing the Belle Glade Winn-Dixie parking lot at 8 a.m. and return after 12 noon on both Wednesday, March 11, and Thursday, March 12. Space is available on a first-come first-serve basis. Please call the Belle Glade Chamber of Commerce at 407-996-2745 to reserve space. If you are driving, the address is 3301 Gun Club Road, West Palm Beach. Go East on State Road 80 (Southern Blvd.) to the West Palm Beach Airport. Turn right on Kirk Road (opposite 391st Bomb Squadron Restaurant). Turn left at first traffic light (Gun Club Road). District office on left. Go in the front entrance of the three-story building.

### PLAN TO ATTEND:

Monday, March 9, 5:30-6:30 - Belle Glade City Hall Public Meeting (for planning) Wednesday, March 11, AND Thursday, March 12 - ON BOTH days, leave WINN-DIXIE parking lot at 8:00 A.M., return about 12:00 noon for Water Management Meeting (to voice your concerns)

## Caller wants a meeting with water and sewer dept.

Yes. I'm speaking out about the water and sewer rates again for the trailer parks.

We had called Speak Out before about the water ripoff and we can't get an answer in The Sun paper.

We called the radio station once and they were supposed to come by and look at the grass growing over the meters, but no one came.

This is getting to a problem. They're taking it for a play thing, ripping people off for water. We want to meet with water officials. Give us a date, a night when all of us can get together and discuss this problem.

I'll be looking for a response in the Speak Out this week or we'll have to go further with this. Thank you.

**Editor's note:** I spoke with Belle Glade City Manager Lomax Harrelle who said he has received no complaints about water or sewer rates or about grass over meters. He suggests the complainants speak with the water department and if they get no satisfaction, he would be glad to meet with them day or night to work out the problem.

## What story?

Get your story straight, please. As of February the 6th Sherrie M. walked into the Sheriff's Office Middle and threatened to commit suicide. She did not threaten Captain C.W. Lowe.

**Editor's note:** This is a baffling Speak Out. We have not printed a story about this incident. Possibly it ran in the Palm Beach Post.

## The security at Palm Glades is great

I'm a resident at the Palm Glades Apartment complex and I've been a resident there ever since they opened.

My main purpose in calling is because I want to compliment the security officers there. They've been doing a great job.

Before I moved there I was staying in a rough neighborhood, and now, since I moved to Palm Glades, the security has done such a great job I can rest at night and I don't have to worry about anyone breaking into my car or coming into my windows.

I'm so proud of the work that they do and I hear other residents saying the same thing.

I just want to say to the officers, keep up the good work and we're here to support you and we hope the county would keep you working.

## No more excuses

I'm a taxpaying citizen of South Bay. I consider myself to be living in a nice neighborhood up until lately. The snakes, rats and mosquitoes have taken over due to the overgrown bushes. It has really made the surroundings around my home look like some sort of cane field.

## City Managers urge voters to say "No" on County wide planning issue

By Ken Schenck  
Pahokee City Manager

A referendum was passed by the voters in 1987 which established the Countywide Planning Council. The Council was to establish a countywide land use plan and mediate land use problems between adjoining governmental entities. There was much confusion as to the actual authority of the Council and this confusion and disagreement resulted in the cities and the county voting to eliminate the Council in December 1991.

The cities had hoped to extend the Council and solve the problems of authority with the county, however this didn't occur. In their quest to govern as much of the county as possible the County Commission has placed a referendum on the March 10, ballot that would re-establish the council under the complete control of the County Commission.

The ballot language is general and implies an overall program to solve growth and environmental problems.

However, in fact, what the ordinance does is give the County Commission complete control over the City's land use and growth. All changes to the City's comprehensive plan would have to be approved by the county. This would be expensive and time consuming. The \$3 million council spent on a land use plan which to date has not been approved.

The county would have to hire additional staff to oversee and review the municipal plans. The County Commission has enough problems in the unincorporated areas without worrying about the cities since most major growth is in the unincorporated area.

The cities agree that countywide planning is necessary, however it must be a cooperative effort between the

cities and the county and not at the dictate of the County Commission. We need to keep a reasonable control over the county growth and environmental problems but the County Commission shouldn't be allowed to do this in a vacuum.

Two of the County Commissioners, Ken Foster and Mary McCarty agree that the cities and county must work together and that this is not a good ordinance. Therefore, to prevent County dominance of the municipal life as we know it, on Tuesday, March 10 vote NO by purchasing No.

**Note: Belle Glade's City Manager Lomax Harrelle and South Bay's City Manager Lester Baird also agree this is a bad referendum and urge Glade's resident to vote "No" on March 10.**

## Letters to the editor

### There's nothing holy about the Holy Way

Dear Editor:

Well, we the people of Pahokee and the Glades should feel very good. Boy, we make the news almost daily and none of it good. We stand by and do nothing as this trend continues.

Almost 5 years ago a man that calls himself a prophet and sometimes calls himself "God", admitted that he fondled and sexually abused children to cleanse them, and we sat on our butts and did nothing as he was given a probation term of 5 years. Can you believe this, probation for sexual child abuse? We even drove around Pahokee and saw his white van pickup children and take them to a private church/school to do with as wanted.

So now read the Palm Beach Post, 02-26-92 in the Glades section and The Sun, 02-27-92 front page. He's struck again.

The statement the young lady made was, "he had intercourse with me over 40 times." SICK! But, you know who is even more sick? We the people that have sat by and let this ole devil have his way with the children.

We sit by and allow this so called church/school to exist, and don't bother to call the city administrators or the school board administrators. They've been called and they won't do one cotton picking thing about it.

We had one person who had the courage to stand nose to nose with this so called prophet and tell him what a low life he is, but he's gone now.

I'm speaking of Rev. Joe Hudson, but unfortunately he was unable to get other pastors to join the fight against this man.

They just buried their heads in the sand thinking it would go away. I wish to my God that Rev. Hudson was back. I wish we had the kind of men we had 100 years ago.

We have more people fighting for animal rights than we have fighting to keep men like Bill Williams away from our children.

Yes Pahokee, I'm proud of all of us. Our forefathers would throw up if they could look down on us.

Keep up the good work folks, maybe some of you can get him off again with probation, or nominate him as, "stud of the year," or donate money to buy gas for his church/school van.

By the way, for the folks reading this, I have a son and his family that are involved in this unGodly situation.

And now they want to tax our churches and non-profit groups, the very organizations that clothe the poor and feed the hungry! They're taxing everything that seems to help ease the pain of hurting Floridians!

The state House Democrats call it a "new" package. I call it Martinez service tax all over again!

### Kudos to police department

Dear Editor:

On behalf of our home health agency, I wish to thank your local police department for providing assistance to our nurses and nurses aides when visiting patients at home.

The local police officers have been available to escort our care givers to unfamiliar areas of Belle Glade at all hours of the night or day so that patients can receive essential health care ordered by their doctors.

This kind of cooperation made it a pleasure for our agency to service your community.

### Letting Haitians in will erode our quality of life

To the Editor:

Through accident of geography, our state is a leaky boat ride away from an unprecedented influx of human migration. The political and economic chaos in Haiti and the imminent collapse in Cuba, threaten to bring a wave of migration to Florida that will make the 1980 Mariel boatlift pale by comparison.

With our state's delicate ecology already imperiled by overdevelopment, our educational system in disarray and our public health care facilities on the critical list, one would think that Florida's political leaders would be doing everything in their power to see to it that additional burdens are not heaped upon us. Inexplicable, many are doing precisely the opposite.

Senator Connie Mack is incensed, as we all are, by the overthrow of Haiti's first democratically elected government. His response has been to introduce a bill in Congress that would punish Floridians for the military coup in Haiti. The Mack bill would grant any Haitian who survives the 600-mile sea voyage the right to remain in the United States (more specifically, Florida) probably permanently. How exactly, this would help restore democracy in Haiti isn't quite clear. What is certain is that Florida taxpayers would be stuck with the bills for education, health care and other social services for hundreds of thousands of indigent migrants. And if Connie Mack thinks we're going to get much help from a bankrupt federal government, he will be sorely disappointed.

A large-scale boatlift will not improve conditions in Haiti any more than Mariel helped make life better in Cuba. What it would do is further erode quality of life for everyone here in Florida.

Sincerely,  
Tom Tomlinson

# Western Palm Beach County Community Mental Health hosts annual banquet and awards Friday

By Bill Phillips  
Staff reporter

Jim Kouba of the District 9 Drug and Alcohol program with the HRS was the keynote speaker for this year's annual Western Palm Beach County Mental Health Clinic, Inc. Banquet and awards ceremonies.

Mr. Kouba told the board of directors and guests that there were 64 at risk beds available and that the beds were full. "Sometimes early discharges are made, sending the crisis patient right back into the

same situation they came from," said Mr. Kouba.

"People in the Glades realized they had a problem and started talking to each other to find solutions. They came together and solved problems," he continued. The criminal justice system got involved and contacted the county commissioners. Thanks to County Commissioner Ken Foster and the other commissioners, beds were put on hold.

Since its inception in 1980, the Western Palm Beach County Mental Health Clinic, Inc., has brought quality mental health and substance abuse care to our communities in a manner which enhances and preserves human dignity, included in the annual report

provided to attendees.

The Western Palm Beach County Mental Health Clinic, Inc., is a private not-for-profit corporation chartered by the State of Florida in 1980. The clinic is governed by an 11 member Board of Directors.

President Michael Romero said, "On behalf of the Board of Directors of the Western Palm Beach County Mental Health Clinic, I wish to express my deepest thanks to Executive Director Joseph Amato and his staff for their dedication to our community. As competition for public support and resources becomes more fierce each year, Mr. Amato prudently guided the Clinic through these uncertain times."

The board appointed three new members to replace

outgoing Milinda Smith, who is off to seek her masters degree; Major James Kersey, who was transferred to West Palm Beach on his regular job with the Sheriff's Department; and Dorothy Willford, whose 6 year term had expired.

New board members appointed were Captain Charles Lowell, Reverend Johnny Johnson, Diane Carter, Mike Dobrow, Norman Harrison and Mariana Garcia. Two new board members were added to bring the total number of board members up to a lucky 13.

New officers were elected as well. The new officers are President Brent Woodham, Vice-President Sue Teets, Secretary Frank Diaz and Treasurer John Gray. Other

board members include Michael Romero who was this year's president, Lee Cranford, Frank Diaz, John Gray, and Joseph Perry.

Volunteers honored were Nola Nagler and Marji Laks.

Eight, ten years of service awards were presented to Clair Surgeon, Hiaawatha Blair, Ida Mizell, and John Asberry. Not in attendance but recognized for ten years of service were Marilyn Ward, Cynthia Pendergrass, Nisha Mulberg and Vernita Cox.

New President Brent Woodham said he is looking forward to working with the Mental Health Clinic. "We completed this past year in the black and we are proud of Mr. Amato for doing such a fine job."

## Theatre Auditions to be held

The Actors' Community Theatre will be holding open auditions for their last play of the season. The play will be "The Hound of the Baskervilles" and will be directed by Mike Logsdon. This play is scheduled to take place May 8, 9, and 10.

The cast of characters include: Lady Agatha Mortimer - A medical doctor, amiable, "tweedy", forceful woman. Perkins - A young maid. Weston-Holmes' colleague. Sherlock Holmes - Famed private investigator. Mrs. Barrymore - The housekeeper. Sir Henry - A young nobleman, heir to a fortune and a curse. Barrymore - A butler, slightly sinister, but capable. Kathy Stapleton - A vivacious young woman. Jack - Her brother, given to emotional outbursts and Laura Lyons - A capable young woman with a dangerous secret.

If you think you have talent or other people have told you that you have talent please take the time to consider joining other individuals in putting on a fine production. We would also love to have people who do not want to act but can pitch-in and help out in other ways in putting on a production.

The auditions will be held at the Senior Citizens Center located next to John B. Boy Auditorium. The dates and times for auditions are: March 10, and 12 at 7:00 p.m. and Sunday May 15 at 4:00 p.m.

The first practical phonograph was invented in 1877 by Thomas Edison.

Special award Ida Mizell....Ida Mizell receiving her ten year award for working with the Western P.B. County Mental Health Association from Mr. Joe Amato. "I received two kisses today from my special boss," she said.

Volunteer awards....were presented to Nola Nagler and Marji Laks for their service to the Western County Palm Beach Mental Health Association.

### AQUATIC PLANT MANAGEMENT ON LAKE OKEECHOBEE TO BE ADDRESSED PUBLIC INFORMATION MEETING SET

JACKSONVILLE, Fla.—The U.S. Army Corps of Engineers, Jacksonville District, will hold two public information meetings March 17-18 to address plans for management activities on Lake Okeechobee in the coming year. The Corps directs the federally-funded aquatic plant management program on the lake.

The March 17th meeting will be held in Belle Glade at the Belle Glade City Hall. On March 18th, the meeting will be held in Okeechobee at the Okeechobee Civic Center. Both meetings are scheduled from 7-9 p.m.

Representatives from the Florida Department of Natural Resources, the University of Florida's Center for Aquatic Plants, Florida Game and Fresh Water Fish Commission, Florida Department of Environmental Regulation, and the United States Department of Agriculture will be present. Representatives from the South Florida Water Management District, which conducts treatment operations under an agreement with the Corps will also attend meetings.

The Corps will give a presentation on the current status of the aquatic plants and the lake areas scheduled for upcoming treatment. In addition, a SWFMD herbicide applicator will give a presentation on the duties and responsibilities of a herbicide applicator on Lake Okeechobee.

Problem aquatic plant species infesting the lake are hydrilla, water lettuce and water hyacinth. Severe infestations of these exotic aquatic plants can interfere with boating, fishing, navigation, flood control and water quality management, but due to recent management efforts, floating aquatic plants are at very low population levels.

The public is cordially invited to attend. Additional information may be obtained by contacting Ron Miedema, U.S. Army Corps of Engineers, Jacksonville District, Natural Resources Management Office, 525 Ridgeland Road, Clewiston, Florida 33440-5399, or call (813) 983-3335.

garbage around the Lake during Saturday's Lake

Okeechobee Clean up Day, pick up almost three tons of

according to Susan Layden

with the U.S. Army Corps of Engineers in Clewiston.

"We reported over 1,500 and

planted another 2,000 trees,"

said Layden. The volunteers

also spread 10 acres of millet in

Moore Haven.

In Belle Glade, the event was

coordinated by Connie Tucker,

who said she felt the turnout

was good Saturday morning.

In Pahokee, the event was

chaired by Carlene Walter and

in South Bay by Iris Tanner.

Member of the Palm Glades

Girl Scout Council, Brownie

Troop 222, Girl Scout Troop 634

and Junior Girls Scout Troop

634 participated in Belle Glade.

Glades Day School students

also helped pick up garbage on

the dike.

Brownie Troop 222 was led

by Debby Allen with Nancy

Johnson as helper. Mrs. Allen

said the girls will get a patch

for participating in the clean

up.

They said they picked up a

variety of items from bottles to

baby diapers. Troop members

include Staci Bowermeister,

Jessica Johnson, Amanda

Woodham, Keri Bradley, Blair

Pelham, Casey Bradley,

Heather Cumpston and Debra

Watson.

Susie Orsenigo is the Troop

Leader for Junior Girl Scout

Troop 634, assisted by Kristi

Jones. Those from her troop

who helped included Carla

Alvarez, Carla Baez, Kimberly

Lynn, Kimberly Welborn,

Stephanie Stein, Jennifer

Jones, Christy Runkles and

Leticia Martinez.

In Pahokee Commissioner

Carlene Walker and her group

of Sharing and Caring students

from Pahokee High School were

busy at work at the campground and

marina.

In Canal Point, Gwendolyn

Asia of Pahokee High School

and her group from Students

Against Drunk Drivers (SADD)

were busy at work at the Canal

Point Marina. "These kids are

the best," she said.

Belle Glade clean-up....Brownie Troop '222 of Belle Glade with leader Debby Allen and Nancy Johnson, helper, said the girls will receive a patch for their effort in cleaning up a portion of Lake Okeechobee.

Pahokee's Clean-up....Pahokee Chamber President Steve Bumgartner (far left) and Commissioner Carlene Walker (far right) at the Pahokee campground and marina with her group of Pahokee High School Students from the Sharing and Caring Club take a breather for this picture. "These kids don't understand why people won't use all the trash cans provided at the marina," said Commissioner Walker.

Canal Point clean-up group....Gwendolyn Asia with her group from Pahokee High School's Students Against Drunk Drivers (SAAD) stop the dike in Canal Point. This group was getting tired!

WHITE TEETH ANYONE?

Have you ever cleaned your teeth really well and, yet, they still just don't have that brighter, whiter look you desire? Well you may be a candidate for vital whitening your teeth BLEACHING. BLEACHING IS HERE FOR VITAL

TEETH. The pre-treatment condition of your teeth can certainly help predict your results.

Here, are some points: no anesthesia is needed; no sitting in the dental office for repeated visits; you gradually

whiten your teeth as you sleep; this process is most effective for yellow,

orange or slightly brownish coloration;

it treats all your teeth, not just the front ones.

All Girl Scouts troops will participate in the formation of

meet March 12, Thursday, at a Promise Circle.

Each troops should provide their own refreshments. All

to meet at Paul Rardin Park.

All troops are going to attend.

## Correction

In last weeks edition of The SUN we said in a West Tech story that Dr. Katherine Lowe and Dr. Gerald Burke grew up in Osceola Center. They actually grew up in Okeechobee Center.

We regret the mistake.

## Attention

Christian Day School had a fantastic basketball tourney this past week end. Please see the next edition of The SUN for complete coverage of the event with pictures!

## Black Gold Fishing Tournament is set

Over 500 children are expected for the Fifth Annual Black Gold Jubilee Children's Fishing and Casting Contest at the Belle Glade City Marina on Tory Island, March 28th. Registration begins at 7 a.m. with introductions and rule information to begin at 8:45 a.m. and fishing to begin with a shotgun start from the weigh station at 9 a.m. sharp.

Tom Mann, well known T.V. Star and fishing legend, with his wife Ann, will be with us

again this year to emcee and visit with everyone.

Contestants compete in four age divisions: Toddler Div. up to age 5 years old, Division 6-10 years old, Division 11-9 to 12 years old, Division III - 13 to 15 years old. Each contestant will receive a free tackle pack and ribbon at check in. Then all compete in their age division for the thirty top prizes and trophies. A trophy will be awarded for the overall biggest and smallest fish in all

divisions. All thirty winners are then invited to ride in the opening parade for the Black Gold Weekend the following Saturday morning in the sponsors boats.

For the fishing tournament all contestants will need to bring their own fishing pole and tackle. Live bait will be provided. Rods and reels will be furnished for the casting contest. All contestants receive free lunch courtesy of Belle Glade Burger King and the

Belle Glade Elks Lodge #1716. Adults and non-contestants can purchase lunch from the A.R.C. Directors or bring a picnic.

Plan a fun family day with your kids and grandkids or come and be a part of our big family. Many surprises are planned for the youngsters, young and old alike. Don't miss it.

The Jubilee committee thanks to thank everyone who helped make this event possible.
